Mr. Udo Birnbaum

Eustace, TX 75124

Mr. Birnbaum,

I had provided:

4-29-2014 - Excruciatingly detailed  
"COMPLAINT OF OFFICIAL OPPRESSION" -  
with TWENTY (20) supporting documents.

5-2-2014 - Very specific complaint of  
"SECURING EXECUTION OF DOCUMENT BY  
DECEPTION" - including Texas Penal Code  
Section 32.46

And THIS is the kind of crap one gets back!

After a review of the documentation you provided to our office, it does not appear that a criminal offense has occurred. Further, if an offense of official oppression or other offense had occurred, the statute of limitation has long since elapsed. Any redress you may be entitled to must be sought through a private civil attorney. If you are not satisfied with our assessment of your complaint, please feel free to seek the assistance of the Texas Rangers or another appropriate state or federal law enforcement agency. Enclosed you will find a documentation that you have provided to this office.

I was complaining  
about NOW - going  
on - in 2014!

Sincerely,

Justin Collins

Investigator

My two (2) complaints:

Were upon crimes being executed NOW - in 2014 -  
"Securing Execution of Documents by Deception" - Texas  
Penal Code Sec. 32.46 - upon fraudulent documents as  
they had perpetrated ever since 2002.

(like knowingly selling in 2014, stuff they stole in 2002 -  
both HOLDING it, and SELLING it in 2014 ("executing" on  
it) - makes it a fresh property crime - in 2014!)

thereto - at www.OpenJustice.US
